| Mounting Type:                                                    |
|-------------------------------------------------------------------|
| Inlet connection line                                             |
| Body Length:                                                      |
| 0.680 inches                                                      |
| Body Outside Diameter:                                            |
| 1.000 inches                                                      |
| Filtration Rating In Microns:                                     |
| 2.0 absolute                                                      |
| Design Type:                                                      |
| Reusable                                                          |
| Filtering Element Quantity:                                       |
| 1                                                                 |
| Maximum Operating Pressure:                                       |
| 6000.0 pounds per square inch                                     |
| Filtering Media Design:                                           |
| Pleated single filtering media response                           |
| First Intake Connection Type:                                     |
| Threaded external tube end                                        |
| Second Intake Connection Relationship To First Intake Connection: |
| Not identical                                                     |
| Second Intake Connection Type:                                    |
| Threaded external pipe end                                        |
| First Discharge Connection Relationship To Intake Connection:     |
| Identical to first intake connection                              |
| First Intake Thread Series Designator:                            |
| Npt                                                               |
| Second Intake Thread Series Designator:                           |
| Npt                                                               |
| First Intake Thread Size:                                         |
| 0.250 inches                                                      |
| Second Intake Thread Size:                                        |
| 0.250 inches                                                      |
| First Intake Thread Direction:                                    |
| Right-hand                                                        |
| Second Intake Thread Direction:                                   |
| Right-hand                                                        |
| Filtering System For Which Designed:                              |
| Full flow                                                         |
| Material:                                                         |
| Stainless steel filtering medium                                  |
| Media For Which Designed:                                         |
| Fuel/oil, hydrocarbon                                             |
|                                                                   |
