Overall Width:

255.0 millimeters

Flow Direction:

Parallel

Body Thickness:

3.0 millimeters

Design Type:

Limited

Bodylength:

530.0 millimeters

Filtering Media Design:

Cellular single filtering media response

Filtering System For Which Designed:

Full flow

Material:

Plastic polypropylene filtering medium

Media For Which Designed:

Air

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
