Body Diameter:

1.178 inches

End Application:

Fluid regulators corp, p/n m2087-03 pressure regulator, fuel system

Design Type:

Limited

Filtering Media Design:

Sintered single filtering media response

Filtering System For Which Designed:

Full flow

Special Features:

200.0 micron rating; located in inlet

Material:

Steel comp 304 filtering medium

Media For Which Designed:

Fuel/oil, hydrocarbon

Style Designator:

Round (basically flat)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
