Body Length:

3.710 inches

Body Width:

4.970 inches

Body Height:

3.340 inches

End Application:

International bus model series 1000, 3000, 4000 and 7000

Design Type:

Nonreusable

Filtering Element Quantity:

1

Filtering System For Which Designed:

Full flow

Special Features:

Box-type shape, used to separate water form diesel fuel

Media For Which Designed:

Fuel/oil, hydrocarbon

Style Designator:

Inline disposal w/threaded connections

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
