Mounting Type:

Unthreaded hole base

Mounting Hole Quantity:

2

End Application:

BLAC-KH-AWK-HELI

Filtering System For Which Designed:

Full flow

Special Features:

ITEM-IS-4,3-6IN.

Material:

Aluminum alloy body

Material Specification:

Qq-a-596 federal specification single material response body

Media For Which Designed:

Fuel/oil, hydrocarbon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
