Body Diameter:

5.000 inches

Body Inside Diameter:

2.450 inches

Flow Direction:

Parallel

End Application:

A w chesteron frame a and vortex ld17 centrifugal pumps

Design Type:

Reusable

Criticality Code Justification:

Feat

Product Name:

Flinger filter

Special Features:

Weapon system essential

Material:

Plastic filtering medium

Media For Which Designed:

Fuel/oil, hydrocarbon

Style Designator:

Round (basically flat w/ opening)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
