Current Type:

Ac

Filtering Material:

Cellulose or glass

End Application:

W/c: maury class tags-39

Frequency In Hertz:

60.0

Drain Plug:

Not included

Installation Design:

Mobile

Voltage Rating:

115.0 pounds per hour wet

Bypass Valve Operation Method:

Automatic

Horsepower Rating:

0.750

Unit Type:

Single

Power Source:

Electric motor

Rated Speed In Rpm:

1725.0

Magnet:

Not included

Drain Cock:

Not included

Mobility Support Type:

Dolly truck

Filtering Element Quantity:

2

Cleaning Blade:

Not included

Flow Type:

Full

Bypass Valve:

Included

Air-bleed Valve:

Not included

Product Name:

Portable filter unit

Phase:

Single

Special Features:

Cart stands 45.25 in. Tall x 20.50 in. Wide x 17.75 in. Deep

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T384-a
