Drop Pressure:

4.0 pounds per square inch

End Application:

Air filter, wsd: nimitz class cvn

Design Type:

Reusable

Maximum Operating Pressure:

175.0 pounds per square inch

Special Features:

Material-corrosion resistant steel 304, rated flow-250 scfm, pressure indicator 7.5 psig

Media For Which Designed:

Air

Style Designator:

Tee type (hydraulic)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
