Overall Length:

22.000 inches

Inlet Connection Type:

Threaded

Overall Diameter:

4.500 inches

End Application:

Control unit; w/s: usns stalwart class tagos

Inlet Connection Quantity:

1

Inlet Thread Size:

1/2

Special Features:

Qdesign code: ansi b31.3; design pressure & temp: 2000 psig @ 100 (f); hydrotest pressure: 3000 psig; flow rate: 0.5 usgpm; number of gears: 21; pump speed: 1725 rpm; materials of construction: 304 ss; weight: 130 lbs

Material:

Steel, stainless

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T135-c
