Flow Direction:

Outside in

End Application:

7kw generator

Design Type:

Reusable

Filtering Media Design:

Porous single filtering media response

Product Name:

Breather, element

Special Features:

Fits into cylinder head cover

Media For Which Designed:

Fuel/oil, hydrocarbon

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
