Drop Pressure:

5.0 pounds per square inch

End Application:

Used on support equipment b-52 aircraft

Tempurature Rating:

125.0 degrees fahrenheit

Filtering Element Quantity:

1

Maximum Operating Pressure:

150.0 pounds per square inch

Special Features:

Application: industrial compressed air systems

Material:

Zinc body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
