End Application:

Dehydrator, membrane

Product Name:

Filter element, air

Special Features:

Dry flow rating: 435 scfm @1500 psig pressure, 870 scfm @3000 psig, 1305 scfm @4500 psig; d.O.P. Efficiency: 99.995 per cent (0.3 to 0.6 micron); flow direction: in to out; mounting: verticle; operating temp: 300 degrees fahrenheit; materials: glass/epoxy, carbon steel, viton, galvanized steel, rayon, stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
