End Application:

Filter

Maximum Operating Pressure:

3000.0 pounds per square inch

Product Name:

Globe filter

Special Features:

Filter material: monel adapter and filter, body o-ring: viton, back up ring: polytetrafluoroethylene, bonnet: al. Brz, body: al. Brz

Material:

Aluminum alloy body

Material Specification:

Astm-b-150 al.1 assn standard 1st material response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
