Body Diameter:

3.720 inches

Body Inside Diameter:

1.600 inches

Filtration Rating In Microns:

10.0

End Application:

Truck, aircraft cargo loading-unloading

Bodylength:

3.120 inches

Filtering Media Design:

Pleated single filtering media response

Product Name:

Element, fuel pump-ngsl

Media For Which Designed:

Fuel/oil, hydrocarbon

Style Designator:

Cylindrical w/out container

Purchase Description Identification:

55752-r58080-ddc

Fsc Application Data:

Fuel conditioning module

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
