End Application:

Ramp assembly, bow

Temperature Rating:

Between -20.0 degrees fahrenheit and 225.0 degrees fahrenheit

Maximum Operating Pressure:

300.0 pounds per square inch

Product Name:

Kf3 return line filter

Special Features:

Flow rating: up to 100 gpm for 150 sus fluids. Min yield pressure: 1000 psi. Rated fatigue pressure: 290 psi, per nfpa t2.6.1-1974. Temp range: -20 degrees f to +225 degrees f. Bypass setting: cracking-30 psi, full flow-51 psi. Materials: porting head-die cast aluminum, element case-steel. Weight: 10.5 lbs. Element collapse rating: 150 psid. Flow direction: outside in. Element dimensions: 4.0" o.D. X 9.0" long. Seal material: buna n. Porting: 1 7/8"-12 sae straight (sae-24). Dirt alarm: cam operated electric switch.

Material:

Steel container/cartridge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
