End Application:

Wsd: seawolf class ssn

Tempurature Rating:

400.0 degrees fahrenheit

Maximum Operating Pressure:

300.0 pounds per square inch

Product Name:

Filter

Special Features:

Filter bag basket material 316 stainless steel; o-ring material viton; inlet-outlet 3in. Class ansiffso flange type; 1/4in. Tube fitting gauge port
.4375-20 unjf-38

Material:

Steel comp 316 body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
