End Application:

Boat, barrier, 19 foot, 19bb0401

Temperature Rating:

Between -22.0 degrees fahrenheit and 250.0 degrees fahrenheit

Special Features:

One filtering element; aluminum head; flow capaci type 30 gpm; spin-on filter; static pressure gage; 10 microns

Material:

Paper filtering medium

Media For Which Designed:

Fuel/oil, hydrocarbon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
