**End Application:**

Nha: filter; wsd: nuclear power plants

**Product Name:**

Element

**Special Features:**

Material: cres; spec: aisi type 304; filtration: 5 microns ; effective filter area: 75 sq.In.; element collapse pressure: 4500 psid, min.; 100 percent verification of filtration rating by bubble point test, min. Bubble point shall be 9.0in. Water

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24000
