**Product Name:**

Df series high pressure filters

**Special Features:**

Materials: head ductile iron; bowl steel; seals fluoro rubber (fkm). Micron rating: 10. Connection type: flange. Maximum operating pressure: 6000 psi. Proof pressure: 9000 psi. Fatigue pressure: 6000 psi. Burst pressure: 15080 psi.

**Media For Which Designed:**

Fuel/oil, hydrocarbon

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24000
