**End Application:**

Nha: engine, diesel mn prpl 16pa6b-stc

**Product Name:**

Lubricator, jet assist compressed air panel

**Special Features:**

Fluid: compressed air; port: 1-1/2in.; max. Pressure: 50 degrees c; temperature: 0 degrees c to 50 degrees c; max. Flow rate: 20000 l/min; lubrication type: selective oil fog

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24000
