**End Application:** 

Nha: engine, diesel mn prpl 16pa6b-stc

**Product Name:** 

Lubricator, jet assist compressed air panel

**Special Features:** 

Fluid: compressed air; port: 1-1/2in.; max. Pressure: 50 degrees c; temperature: 0 degrees c to 50 degrees c; max. Flow rate: 20000

I/min; lubrication type: selective oil fog

Shelf Life:

N/a

**Unit Of Measure:** 

--

**Demilitarization:** 

No

Fiig:

A24000
