Design Type:

Nonreusable

Product Name:

Element 28p-1-10q

Special Features:

Material: nylon and steel end caps, steel core, synthetic filter mediu (parker hannifin microglass iii media), flourocarbon seal micron rating: 10 micron absolute (beta 10 \geq 200) element collapse rating: 300 psid; demension: 5 inch l x 2.64 inch od x 1 inch id (open on one end only)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
