Unpackaged Unit Width:

14.750 inches

Unpackaged Unit Height:

12.780 inches

Product Name:

Air filter/regulator/lubricator (frl)

Special Features:

Filter element: bronze; body/bowl: aluminum; lightweight with automatic drain; remove particles as small as 5 microns; pipe size: 1.25 inch; maximum scfm @100 psi: 168; regulating range: 5-125 psi; oil cap: 32 oz; max. Temperature: 175 degree fahrenheit; max. Pressure: 250 psi

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
