Overall Width:

5.000 inches

Body Thickness:

1.250 inches

End Application:

Aircraft test equipment

Bodylength:

5.000 inches

Filtering Media Design:

Porous single filtering media response

Product Name:

Load box, spoiler controller, air filter

Material:

Plastic polyurethane filtering medium

Media For Which Designed:

Air

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
