Frequency In Hertz:

50.0

Product Name:

Portable fluid purifier

Voltage In Volts:

220.0

Special Features:

Has buna-n seal and water sensor; purifier is portable, mounted on wheels for high mobility; rear wheels lock; has full plc controls designed for automatic, unattended operation

Functional Description:

Removes water, air and volatile solvents using a vacuum dehydration process

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T384-c
