Flow Direction:

Outside in

Tempurature Rating:

100.0 degrees celsius

Product Name:

Filter elements for use in hydac filters

Special Features:

Hydraulic oils media; bypass valve

Material:

Glass fiber body

Style Designator:

Cylindrical w/ container (non-rigid)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
