Product Name:

Straight in-line filter

Special Features:

Housing: 2024t-351 aluminum; operating pressure: 3000 psig; proof pressure: 4500 psig; burst pressure: 12,000 psig; element media: microglass high efficiency disposable 304 s.S. Woven wire welded construction 304l - porous sintered stainless cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
