End Application:

Pump assembly, auxiliary

Product Name:

Filter assembly, hydraulic 3000psi

Special Features:

Filter assembly, hydraulic 3000psi, 30 psi bypass, base, mounted subplate porting pointer type dirt indicator filter element; ductile iron base base & cap, steel element housing, viton seals filter elements: mil-f-24702.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T384-a
