End Application:

Pump assembly, main

Product Name:

Filter assembly, hydraulic 3000psi

Special Features:

Filter assembly, hydraulic 3000psi 15 psi bypass, base mounted, 4 bolt flange ports visual & visual dirt indicator filter element; ductile iron base & cap steel element housing, viton seals, filter element: mil-f-24702.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T384-a
