Mounting Type:

Bracket

Inlet Connection Type:

Flanged

Inlet Connection Quantity:

1

Outlet Connection Quantity:

1

Outlet Connection Type:

Flanged

Tank Material:

Steel

Product Name:

Pre-filtration system

Special Features:

Dual cartridge filters: dual skid-mounted, cartridge filteres in epoxxy coated carbon steel housings with stainless steel housing clamp and basket, flow rites: 0.5m3/h - 5.0 m3/h, bilge pump motor: pump type: progressive cavity, flow rate: 22 gpm , suction head: 6m, discharge head: 30m, motor: 1.5 hp, tefc, supply voltage: 440v/60hz/3ph (other power supplies available).

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T384-b
