**Body Material:**

Copper alloy

**Body Style:**

Tee w/offset

**First End Connection Type:**

Unthreaded external tube

**Second End Relationship With First End:**

Identical

**Seat Material:**

Steel, corrosion resisting

**Flow Control Device:**

Disk

**End Connection Quantity:**

2

**End Application:**

Leslie co water heater type e4500/e600

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A21100
