End Application:

Misc parts elect cvn

Product Name:

Heater element

Special Features:

Bent tubing element: 115 v; 150 watts; a type deminsional-end sheath to the bend is 12.25 inches.; between terminals 1.188 inch.; tube dia, 0.315 inch; conforms to military - h-22577

Material:

Steel comp 321 sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
