End Application:

Nha: heater, water, booster

Special Features:

Tank capacity - 6 gal., electric; power rating - 7kw; full load amperage - 30.5a; pressure - 150ps (working) ; temperature range: 0-200 degrees f; hi-limit temp setting: 200 degrees f fixed; relief valve rating: 210 degrees f set at 150psi; low water cutout - yes; temp/press gauge - yes; pressure reducing valve - yes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T285-a
