Core Diameter:

9.245 inches

Core Length:

40.000 inches

Tube Attachment Method:

Soldered both ends

Heat Transfer Method:

Indirect

Special Features:

Consists of adapter plate; 2 holes .578 in. Drill thru, .755 dia. Ream, 1.500 diameter c bore, one hole inlet and one discharge; .318 diameter center

Style Designator:

Plain coiled tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A28500
