Diameter:

5.875 inches

Length:

18.9687 inches

Tubing Outside Diameter:

4.125 inches

Tube Quantity:

84

Tube Attachment Method:

Expanded both ends

Heat Transfer Method:

Direct

Effective Heat Transfer Surface Area:

9.2 square feet

Height:

8.000 inches

Material:

Copper alloy tubes

Style Designator:

Coiled plain type

Specification Or Standard:

A type and 2 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A28500
