Width:

Between 11.500 inches and 12.000 inches

Tubing Outside Diameter:

0.375 inches

Tube Quantity:

1

Heat Transfer Method:

Direct

Height:

Between 15.312 inches and 15.812 inches

Material:

Copper alloy tubes

Material Specification:

Mil-t-16420, com+90-10, type 1, class 200 military specification single material response tubes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500

Mil-std (military Standard):

Mil-c-15726 spec.
