Width:
Between 11.500 inches and 12.000 inches
Tubing Outside Diameter:
0.375 inches
Tube Quantity:
1
Heat Transfer Method:
Direct
Height:
Between 15.312 inches and 15.812 inches
Material:
Copper alloy tubes
Material Specification:
Mil-t-16420, com+90-10, type 1, class 200 military specification single material response tubes
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A28500
Mil-std (military Standard):
Mil-c-15726 spec.
