**End Application:**

Johnson controls compressor unit 67-121-6

**Criticality Code Justification:**

Feat

**Special Features:**

2 heat interchangers each having capacity rating of 8100 btuh at 40 degrees suction and 50 degrees to 65 degrees outlet temp; nuclear hardness critical item

**Material:**

Steel housing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A28500
