Diameter:

6.500 inches

Material Thickness:

5.000 inches

Length:

59.250 inches

Tubing Outside Diameter:

0.250 inches

Tube Quantity:

184

Tube Attachment Method:

Brazed both ends

Heat Transfer Method:

Direct

Effective Heat Transfer Surface Area:

48.2 square feet

Height:

9.750 inches

Material:

Brass housing

Style Designator:

Coiled plain type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A28500
