Material Thickness:

0.049 inches

End Application:

Supply class aoe

Core Length:

84.125 inches

Tube Quantity:

196

Heat Transfer Method:

Indirect

Criticality Code Justification:

Feat

Special Features:

Weapon system essential; mrc aqrx was aa0.750

Material:

Copper alloy

Style Designator:

Straight finned tube, cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
