Width:

5.500 inches

Diameter:

5.500 inches

Length:

19.937 inches

End Application:

Young tya, cl2 lube oil cooler assembly

Heat Transfer Method:

Indirect

Height:

6.750 inches

Material:

Copper shell and nickel alloy shell

Material Specification:

Mil-c-15730 military specification all material responses

Style Designator:

Strut cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500

Mil-std (military Standard):

Mil-c-15730 spec.
