End Application:

Sun electric corp.Mdl.Hct-9c heat exchanger

Maximum Steam Working Pressure:

125.0 pounds per square inch

Heat Transfer Method:

Indirect

Special Features:

4 pass design w/1.500 in.Fluid ports and 1.250 in.Water ports

Material:

Copper and nickel alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
