Diameter:

7.250 inches

Length:

41.260 inches

End Application:

Young radiator mdl.F-604-er-2 pass

Heat Transfer Method:

Indirect

Special Features:

Operating pressure 150 psi, max operating temperature 350f

Height:

7.500 inches

Material:

Copper and nickel alloy

Style Designator:

Plain u-tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A28500
