Width:

8.250 inches

Diameter:

9.750 inches

Length:

37.000 inches

End Application:

Itt standard mdl.08030

Heat Transfer Method:

Indirect

Special Features:

4 pass exchanger

Height:

11.000 inches

Material:

Copper and nickel alloy

Style Designator:

Strut cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
