End Application:

Cooler fluid, itt standard, heat transfer division

Core Length:

36.141 inches

Core Width:

10.562 inches

Core Height:

8.000 millimeters

Heat Transfer Method:

Direct

Material:

Titanium housing

Style Designator:

Plate, rectangular or square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
