Diameter:

13.500 inches

Length:

62.758 inches

End Application:

Ddg 53 through 67 class ships

Heat Transfer Method:

Indirect

Product Name:

Gas turbine and gear lube oil cooler

Special Features:

19 pieces, see drawing 5 131 10 045 003

Height:

14.250 inches

Material:

Titanium alloy plates

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A28500
