Diameter:

3.120 inches

Length:

16.450 inches

End Application:

Fire control system-mk92mod6, fcs; nha p/n 5983553 mk92fcs

Heat Transfer Method:

Indirect

Product Name:

Heat exchanger

Special Features:

Material used must be compatible with coolanol 25r; exchanger is altered from cage 21563 p/n 4435-1-5 by "deleting existing markings then mark 53711-5983556

Height:

4.375 inches

Material:

Copper tubes

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
