Diameter:

11.750 inches

Length:

57.625 inches

Heat Transfer Method:

Indirect

Product Name:

Electronic cooling water cooler

Special Features:

Model 08048, navy "bcp", weight wet/dry: 415.3/327.3

Height:

12.875 inches

Material:

Copper alloy shell

Material Specification:

Mil-t-16420 tpe 1 gr 2 military specification 1st material response shell

Style Designator:

Right hand tube discharge

Specification Data:

51900-mil-c-15730 (sh) government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500

Mil-std (military Standard):

Mil-t-16420 spec.
