End Application:

Pf42 central fresh water cooler

Core Diameter:

59.000 inches

Core Length:

15.470 inches

Core Width:

15.470 inches

Tube Quantity:

131

Core Height:

19.562 inches

Heat Transfer Method:

Indirect

Product Name:

Pf42 plate pack assembly

Special Features:

Spare gasket part number g3233018186 132 required for complete plate pack; colloquial name: core assembly, fluid cooler

Material:

Titanium plates

Style Designator:

Plate, rectangular or square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A28500
