End Application:

Pf50 mde jacket water cooler

Core Diameter:

48.000 inches

Core Length:

6.500 inches

Core Width:

6.500 inches

Tube Quantity:

39

Core Height:

26.125 inches

Heat Transfer Method:

Indirect

Product Name:

Pf50 plate pack assembly

Special Features:

Colloquial name: core assembly, fluid cooler; gaskets are permanently adhered to the heat transfer and end plates

Material:

Steel comp 316 plates

Material Specification:

Aisi316 assn standard single material response plates

Style Designator:

Plate, rectangular or square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
